

We celebrated Lammas (Lugnasadh) in our back yard Henge again! We have been hesitant because of Covid, but finally everyone felt safe enough - especially as it was an outdoor event. We called in Aphrodite and Adonis, after wonderful Odes to each. Thank you to Macha, Chris, Susan, Jeffrey, and everyone who spoke, and who sang and danced with us. Aphrodite appeared! Lovely Patricia channeled her for us, and gave everyone their own special Blessing.

As always for those who have brought Aphrodite to us, now Pat doesn't recall a word she said! It is a deep experience to bring the presence of the Goddess to a Rite.

We had spring water from Mount Shasta that we sprinkled on everyone.
